IN CASE OF ALERT

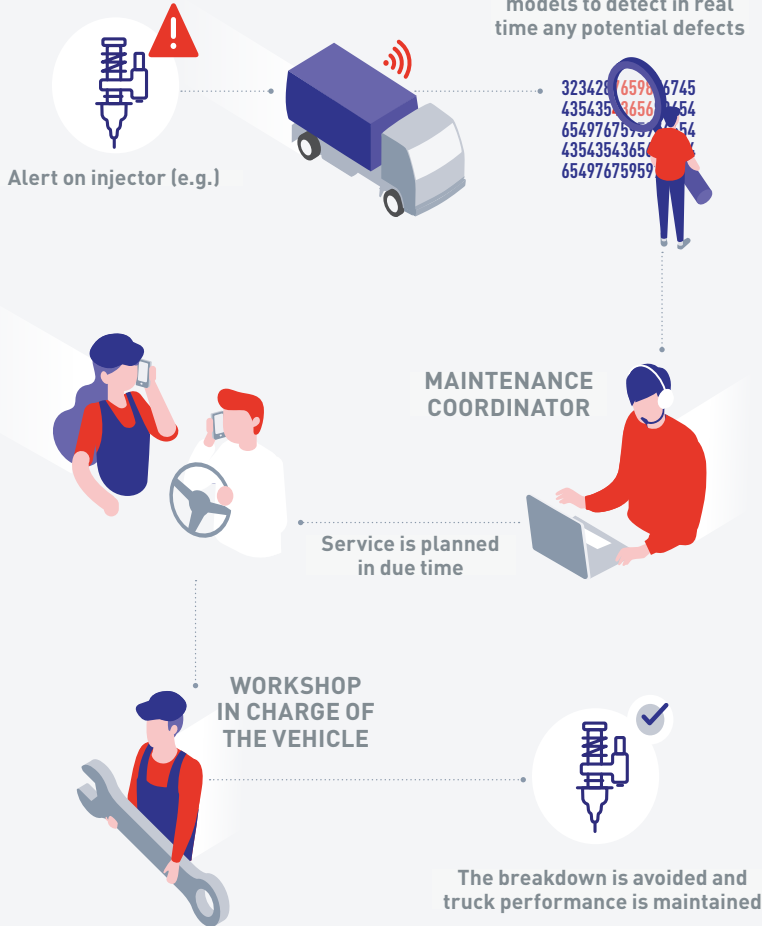

MAINTENANCE COORDINATOR

... A personalised management of unpredictable downtime

Our experts use artificial intelligence and analytics models to detect in real time any potential defects

To reduce immobilisation and gain better vehicle uptime

Rely on our network experts to bring you peace of mind and satisfaction

The maintenance coordinator is your key contact.

The maintenance coordinator follows up your vehicle, invites you to come to the closest workshop only when it is necessary and makes sure that everything is ready before scheduling your service visit.
