RENAULT
TRUCKS

The Renault Trucks Excellence E-Tech cover provides you with the most extensive repair and maintenance cover on offer.

Delivering total peace of mind that your vehicle is being maintained to an outstanding condition, with genuine parts by Renault Trucks. This means that you, as the owner/operator, can relax in the knowledge that you will not receive any surprises when it comes to the cost of repairs.

With a pre-planned service schedule to suit your operation, your vehicle will always be ready when you need it, giving you maximum uptime. With all inspections and work carried out by a skilled Renault Trucks Technician, your electric truck will be maintained to a top condition throughout the contracted period.

Repairs to the electric driveline, chassis and cab, including wear parts, are included within the contract, giving you full confidence that anything can be repaired and that your vehicle will be returned to you in excellent condition.

Administrative time is cut as costs and payment for the running and maintenance of your trucks are simplified, thanks to our easy monthly payment system.
